

English

This week we have continued with our story - The Night of the Gargoyles. We have written our own alternate versions of the story. We have focused on creating suspense and tension through our word choice and sentence structure.

Science

This week, we investigated refraction. We conducted experiments to see the bending of the light ray.

Gamfam Workshop

Year 6 had an engaging workshop led by GamFam, where we explored what gambling is and how it can appear in everyday life. The session highlighted examples such as funfair games, online gambling, and even loot boxes in video games. We also learned about the effects gambling can have on people's wellbeing, including stress, money worries, and strained relationships. Most importantly, the workshop helped us understand to make safer choices for the future.

PSHE /RSE

This week we learnt about disagreeing. We learnt that it is okay to disagree but it is how you share your opinion, which is important.

Computing

This week we had a workshop.

RE

This week we looked and analysed the meaning of the story of Genesis 3. We have also learnt about the concept of original sin.

Maths

This week we continued learning about place value. We have calculated using negative numbers. We have also looked at lots of questions that related to the real world such as temperature and bank accounts.

Music

We have continued our topic of electricity this week.

Year 6

Autumn Term

26.9.25

Guided Reading

We have been reading and answering questions about our new class book 'Letters from the Lighthouse' by Emma Carroll. We have also read one non-fiction text linked to other subjects: Evacuation (History).

Next week...
