

English

This week we have started our writing unit - The Night of the Gargoyles. We have heard and understood the story. We have then created our own setting and character descriptions focusing on creating suspense and tension through our word choice and sentence structure.

Science

This week, we investigated how light travels. We conducted experiments to prove that light travels in straight lines.

Our Year 6 pupils wrote and delivered impressive speeches as part of the election process for school roles of responsibility. We are very proud of their effort and maturity. As the oldest pupils, they are role models for the whole school, and we look forward to seeing the positive impact this year.

PSHE /RSE

This week, we started our unit dreams and goals. We thought about and discussed our goals for this year both inside and outside of school.

Computing

This week, we learnt about media balance.

RE

This week, we learnt about the Care of Creation. This is part of our Catholic Social Teaching lessons.

Maths

This week, we started learning about place value. We have learnt about and solved problems relating to the place value of 7-digit numbers. We have also learnt to read and write these numbers accurately in numerals and words.

Music

We have started our topic of WWII. We sang songs popular during WWII.

Year 6

Autumn Term

12.9.25

Guided Reading

We have been reading and answering questions about our new class book 'Letters from the Lighthouse' by Emma Carroll. We have also read one non-fiction text linked to other subjects: The causes of WWII (History).

Next week...
