

English

This week in English, we started our new narrative, Leon and the Place Between. We explored how to use adjectives, verbs and adverbs to make our writing more exciting and descriptive. We practised choosing powerful words to create clear images and add action and detail to our sentences.

Science

This week in science, we explored how sound is affected by distance. We investigated what happens to volume as we move further away from a sound source and discovered that sounds become quieter the greater the distance.

D&T

We continued stitching our juggling balls carefully, making sure our sewing was neat and secure. We then decided what to fill them with, choosing between rice, sand, beans or lentils.
