

English

We completed and published our final poetry drafts inspired by "You Are" by Valerie Bloom. We thought carefully about a special person in our lives who we love and appreciate, using the poem as a model for our own writing.

Science

We started our new topic on Electricity. We explored different electrical appliances and investigated whether they are battery powered or mains powered. We discussed why some appliances need to be plugged into a socket, while others can operate using batteries.

D&T

We finished making our battery-operated light designs, using a range of materials such as cardboard, plastic and electrical components. Once completed, we evaluated our finished products, reflecting on what went well.

RSE/PSHE

In RSE, we learned about puberty and explored how boys' and girls' bodies change as they grow older. We discussed the physical and emotional changes that can happen during puberty and learned that these changes are a normal part of growing up.

PE

We continued our hockey unit by developing our dribbling, shooting and positional awareness skills. We practised controlling the ball while moving at different speeds, improving our accuracy when shooting at goal.

Computing

Maths

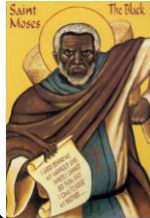

We finished our topic on negative numbers, learning how to compare, order and solve problems involving numbers below zero. We then started our new geometry topic on angles, where we identified and named different types of angles, including acute, obtuse, right angles, straight-line angles and reflex angles.

Music

We explored how to compose and play our own pentatonic melodies. We learned that a pentatonic scale uses five notes and creates pleasant-sounding melodies.

Year 4 - Summer Term 2

15.6.26 - 19.6.26

Saint Moses the Strong

Special Events

Next week...

We have a very exciting week coming up:

- Tuesday - Father Julian
- Wednesday - Talent Show Final
- Friday - Summer Fayre

Spellings and Homework

In Spellings, next week's topic will be exploring words with silent letters.

Spelling Test Words for Next Week:

1. thumb
2. gnome
3. autumn
4. muscle
5. receipt
6. yacht
7. gnaw
8. whistle
9. parliament
10. column

Other Homework:

- TTRS - 3 times a week for more than 5 minutes.
- Tables Check Online Practice
- See homework set on Atom Learning.

Golden Book

Jimmy

History

We completed our topic on Crime and Punishment by exploring how crime is prevented and detected in modern-day Britain. We learned about the important role of the police and investigated methods such as CCTV cameras, DNA testing, fingerprint analysis, neighbourhood watch schemes, security alarms and improved street lighting.

RE

We began our new topic of Dialogue and Encounter by exploring the conversion of Saul to Paul. We learned about Saul's journey to Damascus and how a bright light and an encounter with Jesus completely changed his life.
