

English

This week in English, we started writing our own introductions for our speeches, thinking about how to grab the reader's attention. We also explored different tenses in SPAG, learning how to use past, present, and future forms correctly in our writing.

Science

This week in science, we explored the rate of evaporation, learning what affects how quickly liquids evaporate. We also learnt about the scientist Chien-Shiung Wu and her important contributions to physics, discovering why her work was so inspiring.

D&T

No D&T due to Assessment Week.

PSHE/RSE

This week in RSE, we learned about the Church and how the human family reflects the Holy Trinity through charity and generosity. We also explored how the Church family is made up of home, school, and parish, all of which are part of the wider diocese.

Computing

No computing due to Assessment Week.

PE

This week in PE, we continued practising the twist in our dance routines. We also finished our OAA topic by reading maps and creating our own routes, using specific map language to plan and navigate accurately.

Maths

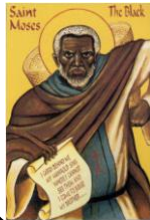

This week in maths, we focused on subtraction and explored ways to make it more efficient. We practised different methods to solve subtraction problems quickly and accurately, thinking carefully about which strategy worked best in each situation. We also learned how to use the inverse operation.

Music

No music due to assessment Week.

Year 4 - Autumn Term

- See homework set on Atom Learning.

Golden Book

Gracie

Geography

This week in geography, we explored pollution and studied a case study of chemical pollution in Mexico in 2004, learning about what caused it, its effects, and how it was managed.

RE

This week in RE, we explored how Abraham is known as the father of faith to Christians, Jews, and Muslims. We also looked at the virtues of love, faith, and hope and saw how these are shown in the stories of Abraham.
