

English

This week in English, we wrote the final drafts of our newspaper reports. We carefully edited our work to improve our vocabulary, punctuation, and layout so that it looked like a real newspaper article. At the end of the week, we shared our reports with Year 6, reading them aloud with confidence and pride.

Science

We had an exciting VR experience where we explored the human body. We were able to look closely at different organs and systems, helping us understand how the body works. This gave us a great introduction to one of our upcoming topics and made us excited to learn more.

D&T

We tie-dyed our fabric to create bright, colourful patterns for our juggling balls. After the fabric had dried, we carefully began backstitching around our template to form the shape, getting it ready to be filled later on.

RSE/PSHE

We celebrated Mental Health Week. We took part in a special assembly and enjoyed a "juice and talk" session where we shared our thoughts and feelings. We also spent time colouring and discussing the things that help us feel calm and happy when we are sad.

PE

We finished our football topic by using all the attacking and defending skills we have been learning in a mini tournament. We showed how to pass, move into space, protect the ball, and work as a team to score goals.

Computing

We linked our learning to Mental Health Week by collecting data and entering it into Excel. We used the information to create pie charts and learned how to format them clearly.

Maths

We continued our work on decimals. We learned about complements to one, working out which decimal numbers add up to make 1. We also practised adding and subtracting decimals using formal written methods, making sure to line up the decimal points carefully to keep our calculations accurate.

Music

We learned how to sing confidently as an ensemble by listening carefully and blending our voices. We also created our own song, inspired by Samba.

Year 4 - Spring Term 1

9.2.26 - 13.2.26

Saint Moses the Strong

Special Events

Today, on the last day of term, we celebrated by having a fun "Break the Rules Day," enjoying the different hairstyles and accessories everyone has on.

Next week...

We have a very exciting week coming up:

- 24th Feb - Great Athletes - Saffron Severn - please fundraise if can.
- 25th Feb - Mass at Church.
-

Spellings and Homework

In Spellings, next week's topic will be...

Spelling Test Words for Next Week:

Other Homework:

- TTRS - 3 times a week for more than 5 minutes.
- Tables Check Online Practice.
- See homework set on Atom Learning.

Golden Book

Julian

Geography

We finished our topic by creating a settlement based on a dream location we designed in English for our travel leaflet. We thought carefully about where to place houses, roads, and facilities, using what we had learned about why people choose certain locations to settle.

RE

This week in RE, we explored how Jesus made excluded people feel included, such as the bleeding woman and Jairus' daughter. We learned how he showed compassion, kindness, and respect to those who were often ignored by others. We then reflected on how we can follow in Jesus' footsteps today by including others.
