

English

This week has been assessment week where we have completed reading comprehensions, a SPAG assessment and spelling test of 20 of the Year 3 / 4 common exception words.

Science

In science this week we looked at the leaves of a plant, learning that with water, carbon dioxide and sunlight, they can make their own food through photosynthesis. We also made a prediction as to what would happen if we removed them.

RE

This week we were looking at the Eucharist prayer that is said in Catholic churches around the world and thought about what it meant. We also made connections between the words and actions of Jesus at the Last Supper and the words and actions of the Priest at Mass today.

PSHE/RSE

No PSHE this week due to the Rock Steady concert. Well done to all our class members that took part - YOU ROCK!

Computing

This week started our new topic of desktop publishing and compared text with images.

Art

This week in Art, we created shadow puppets in the shape of insects which linked beautifully with our Science topic of light.

Maths

This week has been assessment week where we have completed arithmetic and problem solving papers. We also participated in a school wide activity for International Maths Day where we used real maths to budget a party.

Music

In music we have been learning the songs for our Easter production.

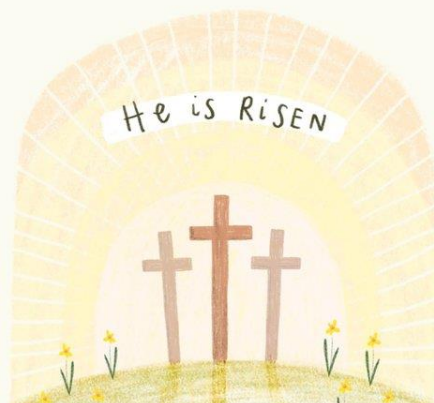

Year 3 Spring Term

27.3.26

Easter Holidays!

Mrs Amato and I would like to wish you a restful and relaxing break this Easter and look forward to the children returning in our final summer term.

Easter Play

I think you will agree the Easter play was an amazing success and the children were fantastic!
