English

The children have been learning how to build a paragraph using fronted adverbials and figurative language to set a scene. The children are looking at cohesion and how the fronted adverbial can set the time and place and move the story on in an orderly fashion from paragraph to paragraph.

Maths

This week the children have been applying their rounding knowledge to decimals and learning how to round decimals to the nearest whole number. In addition to this the children have completed their usual reasoning and arithmetic assessment papers.

Spellings and Homework:

Read daily, Atom weekly homework, daily Rockstars.

forgetting, beginning, limiting, gardening, following, happening, travelling, preferring, referring, offering, occurring, regretting, transferring, determined, equipped, attached.

I recommend having a look at BBC Bitesize, Spelling. There are games to play to help the children practice spelling and revise the spelling rules.

Year 5

Autumn Term

16.10.2026

Science

In Science this week the children have completed their project by studying the timeline of human and animal growth. A short assessment has also taken place.

Golden Book:

Luca Adamo

Computing

Understanding how computer networks and search engines work are what the children have been focussing on this week.

Guided Reading

The children have completed their assessments this week including comprehension and have spent time analysing their answers. A short comprehension has also been completed.

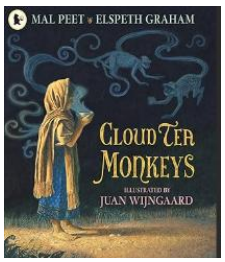

Geography

This week the children have been learning about grid references and compass points venturing around the school grounds.

RE

This week in RE the children have been describing what a virtue is and explaining their importance in having a good life. They have also learnt how to grow a good virtue and becoming a better neighbour.

Class Books

PSHE

In PSHE this week we have been learning about having a voice and how democracy works in the school community.
