English

This week we continued our focus on narrative writing based on the book 'Wisp: A story of hope'. We have written free-form poems, role played being Idris and looked at the rules of dialogue.

Science

This week, we learned about Carl Linnaeus' classification system. We classified animals using this system.

Children in Need

We proudly wore our spotty shirts, socks, hats – anything with dots – and we took on *Challenge 25* to help make a difference! From 25 star jumps to 25 squats, and even 25 burpees, we completed our challenges with big smiles and even bigger hearts.

Together, we showed our spots and helped support children who need us.

PSHE/RSE

This week has been Children in Need. We came to school wearing spots and took part in a competition to raise money.

Computing

We researched as part of our Geography learning.

RE

This week, we learnt about women in the Old Testament. We focused on Sarah and how she showed that she was a protagonist and always had faith in God.

Maths

This week, we solved problems using efficient mental strategies. These strategies included place value, partitioning, doubling, and halving, equal sum and equal difference.

Music

We have continued our topic of Electricity.

Year 6

Autumn Term 2

13.11.2026

Reciprocal Reading

We have been reading and answering questions about Giant Pandas. We also took part in **reciprocal reading**, where we each had a special role to help us understand the text even better. Some of us were **Predictors**, thinking about what might happen next. Others were **Clarifiers**, helping us understand tricky words or ideas. We had **Questioners**, who asked thoughtful questions about the information, and **Summarisers**, who recapped the key facts we had learned.

Spellings and Homework- 'ough'

1. Through
2. Bought
3. Drought
4. Cough
5. Dough
6. Thorough
7. Rough
8. Ought
9. Enough
10. Tough
11. Borough
12. Fulfilment
13. Hopeful
14. Joyful
15. Meaningful

Other Homework:

TTRS

Daily Reading

Homework set on Atom.

Golden Book

Valentino

Geography

This week we continued our unit based on the Amazing Americas. We located specific countries and learnt about the physical geography of these countries. We also looked at the inequality faced in some of these cities.
