Executive Headteacher: Mrs J Walsh
*"We come to school to live and learn happily together by
loving ourselves and each other as Jesus teaches us"*

23rd May 2025

Dear Parents and Carers,

We are excited to let you know that Year 4 will be taking part in a **Silent Disco Experience** on **Wednesday 11th June** as part of our science lesson learning about **sound**.

Over the past few weeks, the children have been learning how sound travels, how we hear it, and how volume and pitch can be changed. We have also explored how headphones work and how sound can be heard through vibrations, even when it seems "silent."

To bring this learning to life, we will be hosting a **Silent Disco** in school during our science lesson! Each child will receive a pair of wireless headphones and be able to choose between different music channels during the disco. This will allow them to experience how sound works in a fun, hands-on way while exploring concepts like pitch, volume, and personal listening experiences.

The cost of the experience will be £5 per child to cover the hire of the headphones and equipment. Payment can be made via Arbor, under "trips." Payments must be made by Friday 6th June.

We believe this exciting event will help children deepen their understanding of sound in a real-world context, while also boosting their confidence, teamwork, and enjoyment of learning.

Please ensure that your child is in school uniform on the day and has a water bottle with them.

Thank you for your continued support. If you have any questions, feel free to contact us.

Best wishes,

Mr White
Year 4 Teacher
