## **This is St. Augustine's Publication Scheme on information available under the Freedom of Information Act 2000**

*The governing body is responsible for maintenance of this scheme.*

### **1. Introduction: what a publication scheme is and why it has been developed**

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available for you on our website to download and print off or available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

### **2. Aims and Objectives**

St. Augustine's was founded by and is part of the Catholic Church. It exists to promote and to be a witness to the Catholic Faith. It assists Catholic parents to bring up their children in the ways of that Faith and does so by promoting gospel values and:

- the search for excellence, achieving academic standards to incorporate the needs, abilities, gifts and talents of all children.
- the uniqueness of the individual, in which each child is enabled to develop to their full potential.
- the education of the whole person, to create a safe and inclusive learning environment that will enrich and add value to all children academically, emotionally and socially.
- the education of all, being proactive in terms of pioneering new initiatives in order to raise pupil standards.
- moral principles, to encourage a personal love of God through the teachings of Jesus Christ as made known to us through the Catholic faith.

and this publication scheme is a means of showing how we are pursuing these aims.

### **3. Categories of information published**

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

*School Information – Who we are, what we do and the services we offer, including newsletters produced for parents and the public.*

*Governors' Documents* – information published in the Governors Annual Report and in other governing body documents.

*Pupils & Curriculum* – information about policies that relate to pupils and the school curriculum.

*School Policies and other information related to the school* - information about policies that relate to the school in general.
